

Look; the land has Cyclopes'. And there's a cave with sheep! We must have the Sheep.

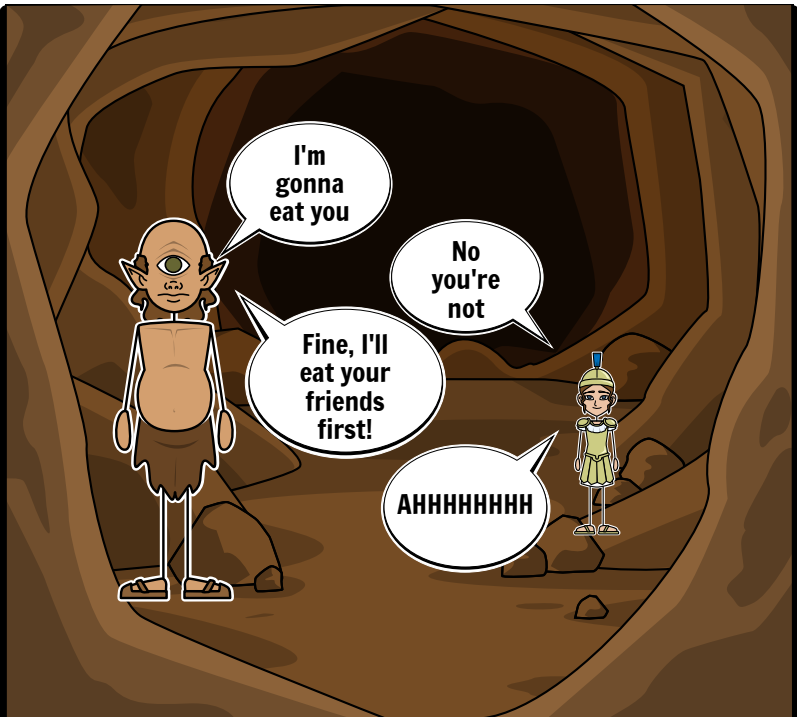

He has gone out to tend to his sheep, now is when we raid his cave!

Who goes there?!

Oh no! He's coming back!

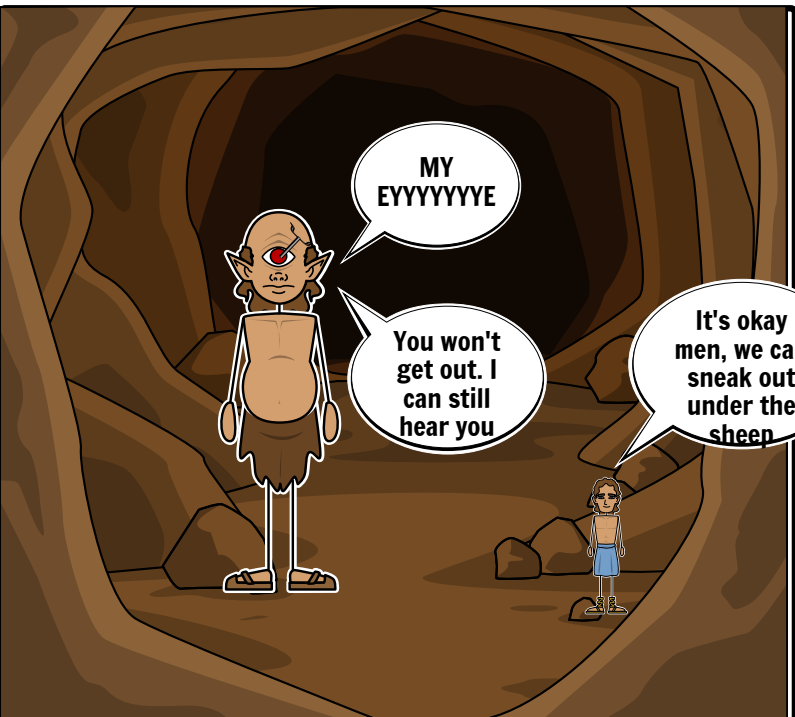

I'm gonna eat you

No you're not

Fine, I'll eat your friends first!

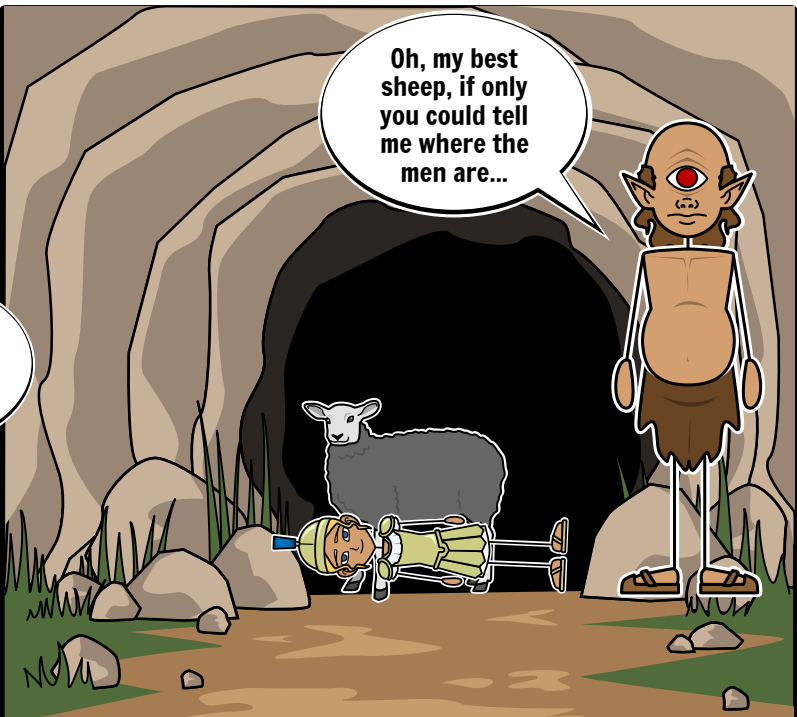

AHHHHHHHH

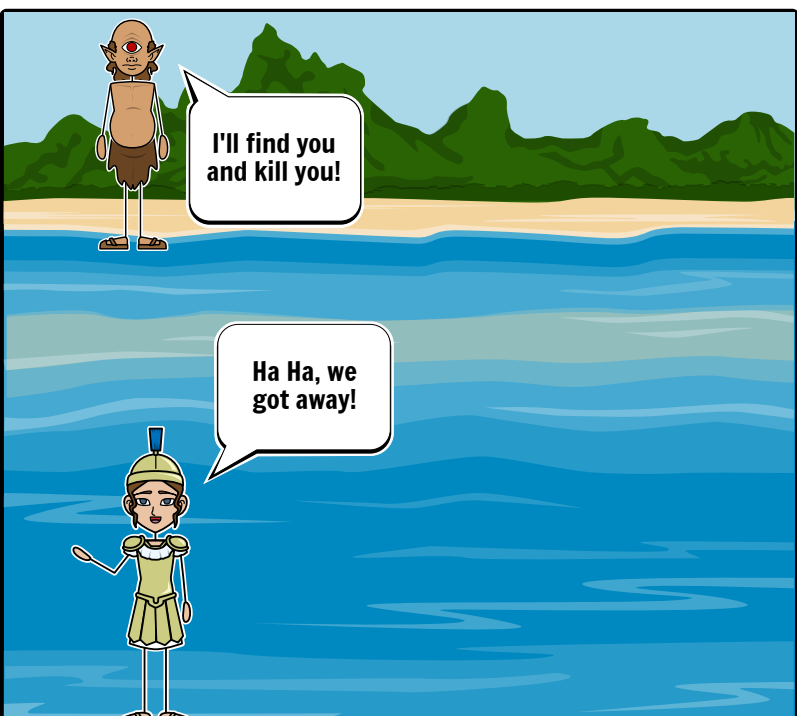

MY EYYYYYYYE

You won't get out. I can still hear you

It's okay men, we can sneak out under the sheep

Oh, my best sheep, if only you could tell me where the men are...

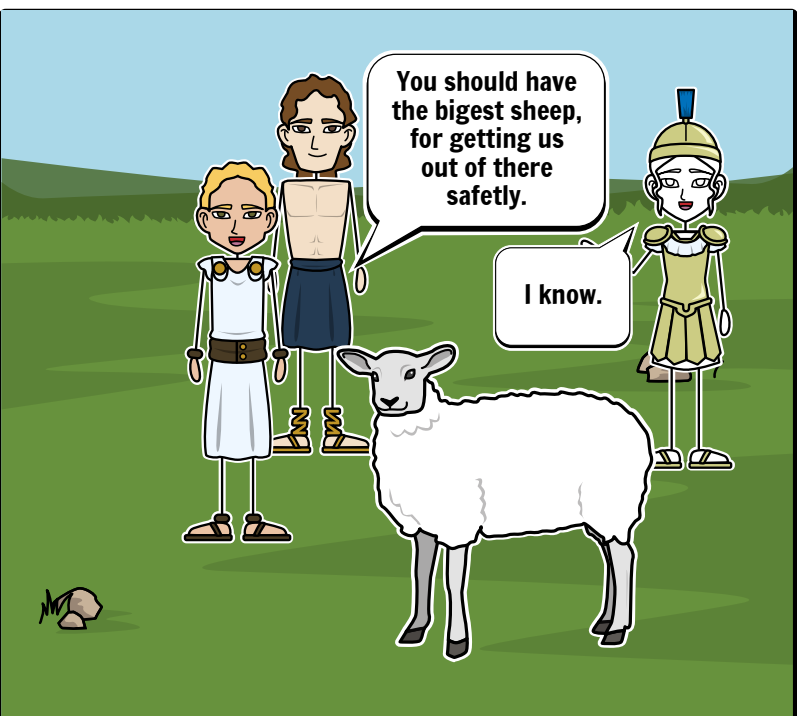

I'll find you and kill you!

Ha Ha, we got away!

They're back!

You should have the biggest sheep, for getting us out of there safely.

I know.
